RIBER receives a new major order in Asia

Bezons, September 19, 2017 – 6:00 pm - RIBER, a global market leader for semiconductor industry equipment, is announcing an order worth over two million euros in Asia for the supply of accessories to the display industry.

This accessories order, deliverable in 2018, complements the evaporators order received in August of this year for the same industry.

About RIBER:

Riber designs and produces molecular beam epitaxy (MBE) systems as well as evaporation sources and cells for the semiconductor industry. This high-tech equipment is essential for the manufacturing of compound semiconductor materials and new materials that are used in numerous consumer applications, from new information technologies to OLED flat screens and next-generation solar cells.

Riber is listed on Euronext Paris (Compartment "C") and is part of the CAC Small, CAC Technology and CAC T. HARD. & EQ indices. Riber is eligible for SME share-based savings schemes.
